

Last months newsletter had a circulation of 45-issues, 22 of which were handed out at the meeting and a further 11 were taken by members for distribution to others, and a further 12 were posted. We hope that as many as possible will take copies for others, but please do not do this unless you intend to deliver within 48 hrs, as we get complaints about non-receipt of copies.

If your address is not in the 1968/9 RSGB call book, then please pass on the details to the Editor G3ETH without delay. Also of others whom you think should have a copy of the Newsletter and do not at present get one.

THE CLUB PROGRAMME.

- July 8th. Visit to Liverpool Club.
- July 15th. Expedition to Rhosesmor in GW-Land. G8AWS will set up a VHF portage station. Safari leaves YMCA at 1915 on the dot.

- Aug. 11th. MONDAY... COMMITTEE MEETING.!!!!!!
- Aug. 12th. General matter night.

-----  
The Month With The Club.

On June 10th G8AWS Arthur Russell gave a very-interesting talk on Electronic Engine Tuning, with the assistance of a Crypton machine. An all band spark Tx was in operation, and 5&9 reports were later received from Stan Dutton, using a standard TV receiver. We understand that G3DRB offered to exchange his DX 100 U for the machine.

At a meeting on June 23rd, arranged at short notice a film made by the G3TTN/ GW3LDH/ G3SVK 1968 Expedition to GC was well attended. This was a very well-made film of a technical quality far better than the usual run of home brew 8mm. cine, and we must thank George G3TTN for making arrangements for this showing at the club. The "Other Mens Shack" programme was postponed to July 1st and will be reviewed in the next issue.

-----  
We hear it rumoured that if you want to work on 2m. these days you have to fill in a form giving among other information, your civilian occupation.

-----  
A new GD 2m. station putting a good signal into Chester's Gd2HDZ, in Laxey. Look for him on 145.8 approx. Heard in Chester on Sun. 29th July in the evening working an F station in Cherbourg, who was also heard at good strength.

-----  
LATE NEWS.

COMMITTEE MEETING ON JUNE 30TH was attended by G3ETH & A W Briggs ONLY. These two members have therefore divided up the CLUB FUNDS! and gone off to an unknown destination!!!!!!!
